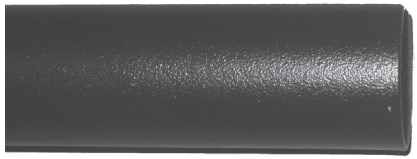
# ASSEMBLY INSTRUCTIONS

**Read all safety warnings and instructions carefully before assembling and operating your grill.**

**IMPORTANT HINT: DO NOT TIGHTEN ANY NUTS AND BOLTS UNTIL GRILL IS FULLY ASSEMBLED.**

1. Assembly requires 2 people. Get another person to Help. For easiest assembly use a HAMMER, PLIERS and a 7/16" NUT DRIVER. NOTE: Do Not tighten any bolts unless instructed to do so. Tightening too soon may prohibit parts from Fitting together. All Hex Nuts should be on the Inside of the grill unless stated otherwise. Unpack all contents in a well-cleared and padded area.

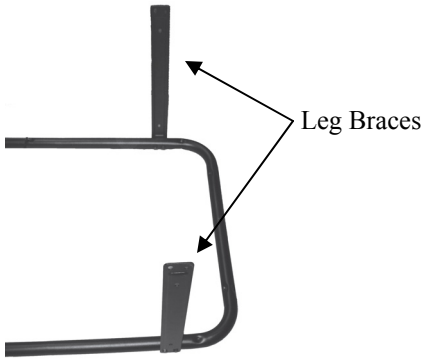
2. Insert one LONG LEG into one SHORT LEG. See below. Repeat this step for the other LONG and SHORT LEG.



Short Leg

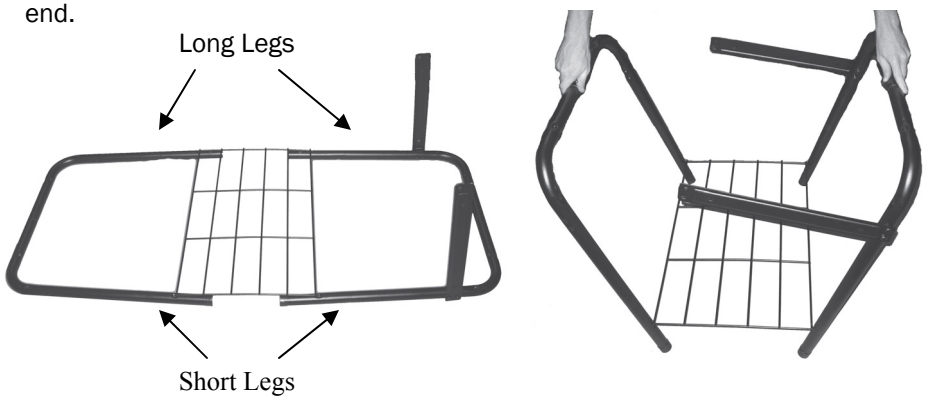
Long Leg

3. Attach LEG BRACES to the outside of one of the LONG and SHORT LEG assemblies you just made. See below. Use two 1 3/4" hex bolts and nuts for each LEG BRACE but only finger tight.



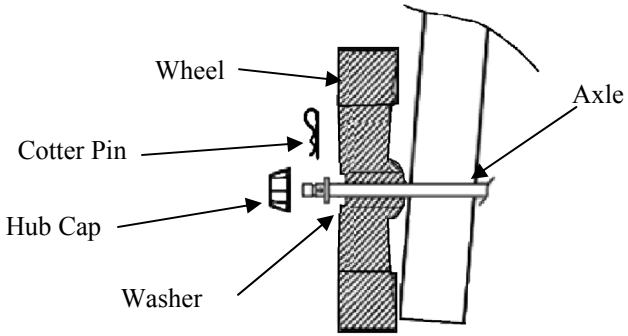
™ & © Char-Griller / A&J Mfg.

4. Insert all four corners of the BOTTOM WIRE SHELF into the four holes located near the bottom inside of the four LEGS. See below Next, rotate the LEGS upward until vertical. Important: Make sure the two Long Legs are on the same end.



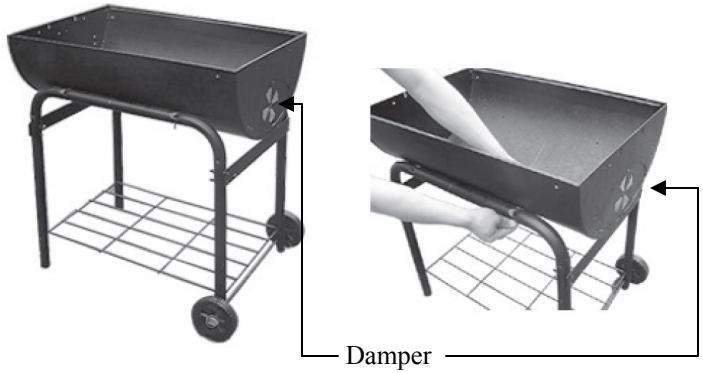
5. Attach the other end of the LEG BRACES to the corresponding legs using 1 3/4" Hex Bolts and Nuts but only finger tight. See below.

6. Insert the AXLE through the SHORT LEGS. Install one WASHER, COTTER PIN and HUB CAP onto the AXLE then slide the AXLE through WHEELS and legs as shown. Finish by attaching 2nd WASHER, COTTER PIN and HUB CAP.

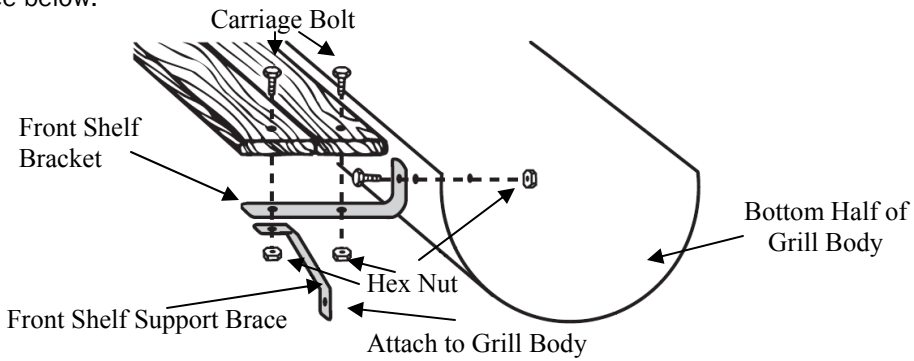


™ & © Char-Griller / A&J Mfg.

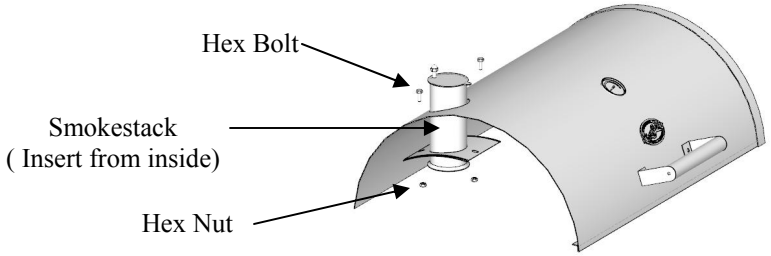
7. Stand the CART/LEG ASSEMBLY upright. Attach the bottom half of the BODY to the CART/LEG ASSEMBLY (make sure damper is on same side as wheels) with four 1 3/4" Hex Bolts. There are two holes in the front and two in the back of the grill BODY. See below.



8. Attach two (2) 8" FRONT SHELF BRACKETS to the front edge of BOTTOM HALF of grill body using two (2) 3/4" Hex Bolts and Nuts (with the nuts on the inside of the grill). Attach the long WOOD SLATS to the FRONT SHELF BRACKETS and at the same time attach the FRONT SHELF SUPPORT BRACES to the underside of the outer Holes of the FRONT SHELF BRACKETS with four (4) 1" Carriage Bolts and Nuts. Attach the other end of the Support Braces to the Grill Body. See below.

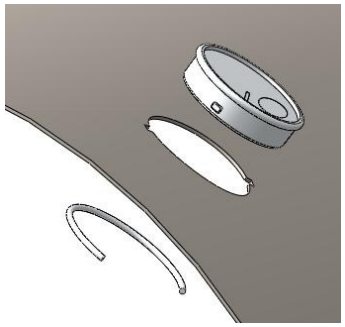


9. Insert SMOKESTACK from INSIDE the HOOD up through the hole. Attach with two (2) 3/4" hex bolts with the nuts on the inside. See below. Note: It is not necessary to remove the Stack Damper.

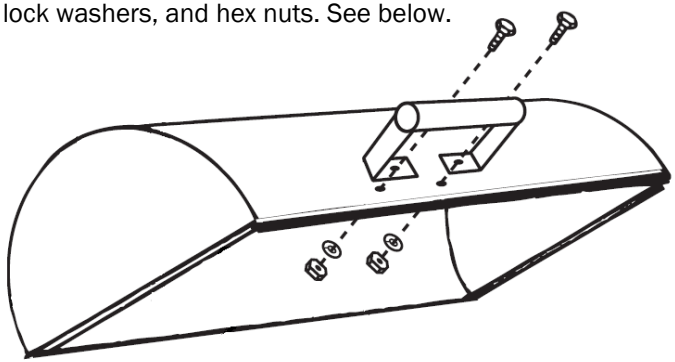


™ & © Char-Griller / A&J Mfg.

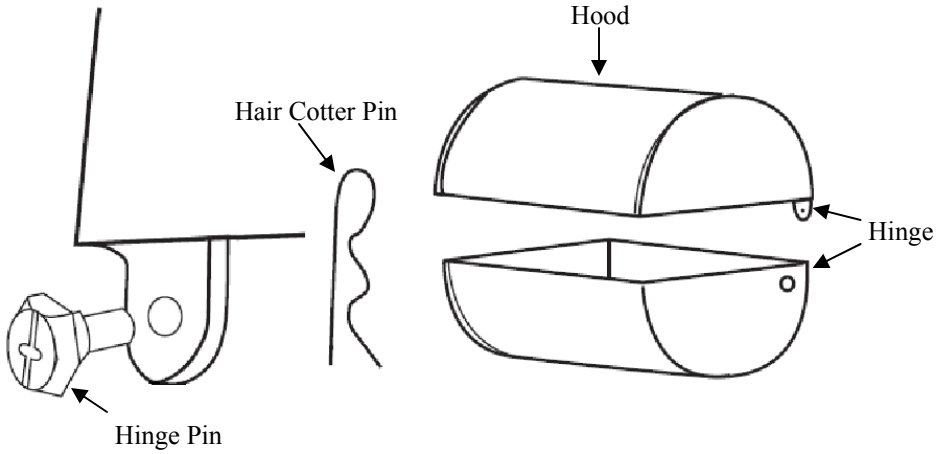
10. Insert HEAT GAUGE through hole in hood (from outside) and push the SPLIT RING over tabs on the side of HEAT GAUGE from inside the hood.



11. Attach WOOD HOOD HANDLE to the center of the HOOD with two (2) 3/4" hex bolts, lock washers, and hex nuts. See below.

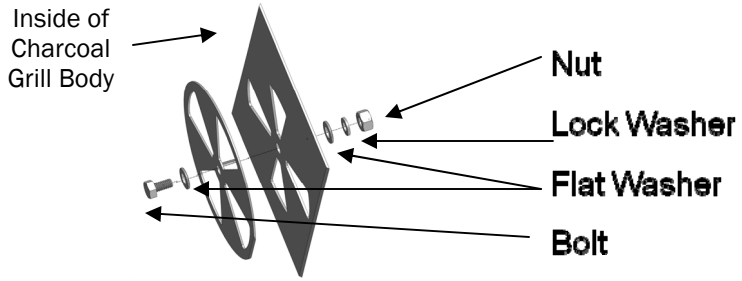


12. Set the HOOD, in the CLOSED POSITION, on top of the GRILL BODY. Line up the Hinge holes and insert the Hinge Pins. This may require lifting up on the back of the Hood. Then, carefully open the hood, making sure to not let the Hinge Pins fall out, and insert the Hair Cotter Pins into the Hinge Pins. See below.

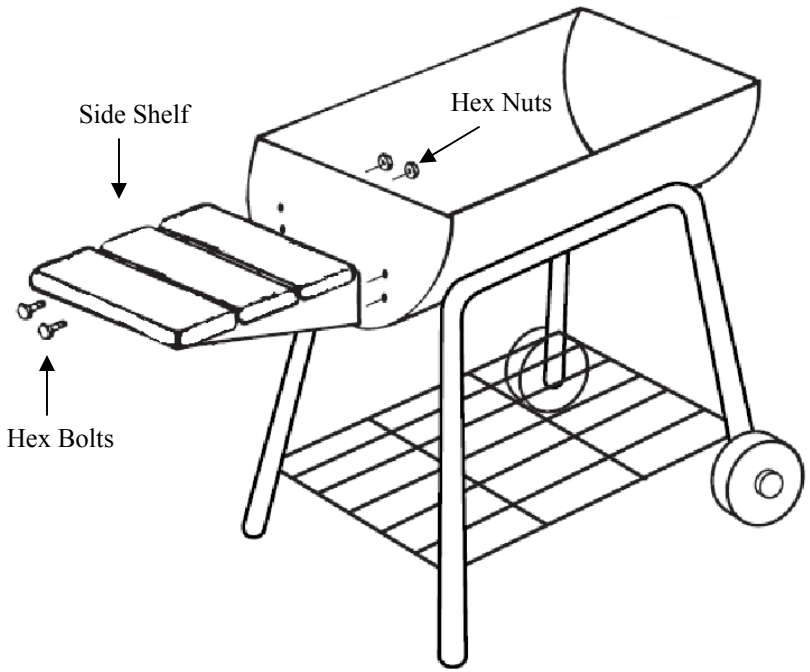


™ & © Char-Griller / A&J Mfg.

13. Attach the DAMPER CIRCLE from the inside of bottom half of grill body with a 3/4" Bolt. The bolt goes thru a Flat Washer, thru the Damper Circle, thru the Grill Body, thru another Flat Washer, thru a Lock Washer, and finally attached to a Hex Nut. The small tab on the Damper Circle should protrude outward.



14. Attach SIDE SHELF to the four (4) holes on left side of grill with 1/2" hex bolts and nuts. See below.



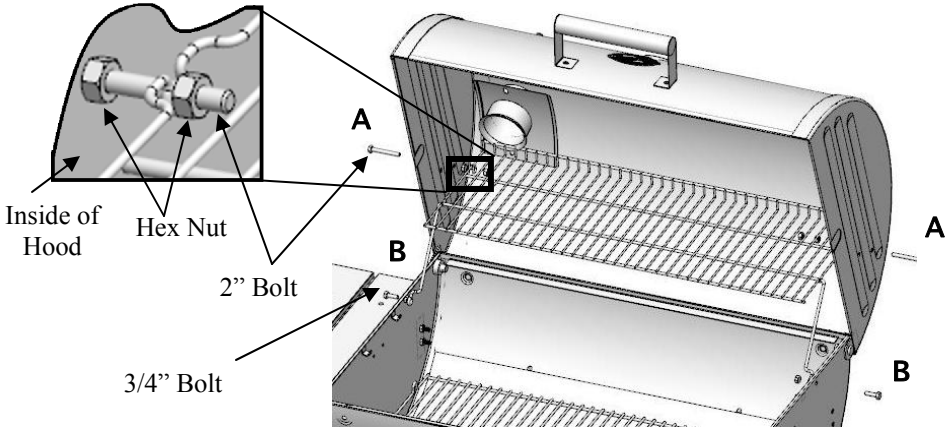
™ & © Char-Griller / A&J Mfg.

15. ATTACHING WARMING RACKS PIVOT BOLTS: On each END of the HOOD just back of center, insert one (1) 2" HEX BOLT (total 2) (from outside in) in holes (A) with HEX NUTS on inside of HOOD. See Below.

On each END of the LOWER GRILL BODY 4" from the back corner, insert one (1) 3/4" HEX BOLT (total 2) (from outside in) in holes (B) with HEX NUTS on inside of GRILL BODY. See below.

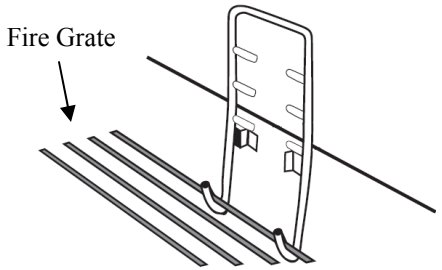
Do not install WARMING RACK until after tightening all four WARMING RACK PIVOT BOLTS.

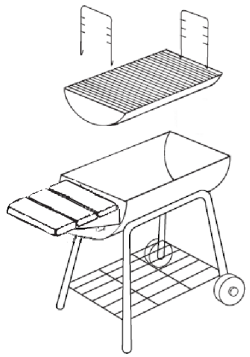
ATTACH THE WARMING RACK'S (4) WIRE LOOP HOLES, located on the WARMING RACK'S SIDES and WIRE LEGS, over the four (4) PIVOT BOLTS in the HOOD and GRILL BODY. Attach left side first. Hint: You may flex the WIRE LEG outwards for a tighter fit and to center. See below.



16. Tighten ALL nuts and bolts.

17. Place FIRE GRATE, with ADJUSTABLE HANGERS attached, into BOTTOM HALF of grill body. See Below. Install the COOKING GRATES.





CONGRATULATIONS, ASSEMBLY COMPLETE!

# GRILL PREPARATION &OPERATING INSTRUCTIONS

**PLEASE NOTE: NO RETURNS ON USED GRILLS**

**Read all safety warnings and instructions carefully**

**Before assembling and operating your grill.**

1. Cure GRILL prior to your initial use to protect the interior and exterior finish and to prevent unnatural flavors to your first meals. (A) Lightly coat ALL INTERIOR SURFACES (including GRILLS, GRATES, AND INSIDE OF BARREL.) with vegetable oil (spray vegetable oil is easiest but do not use near hot coals or fire). (B) Build a medium sized fire on the fire grate. (C) After coals ash over, spread out coals, replace cooking grates, close lid and heat at approximately 250 F for two hours. Re-coat GRATES and return to grill at approximately 200 F for two hours. You can lightly coat the exterior of the grill body (while warm) with vegetable oil. This will extend the life of the finish, much like waxing a car. Your GRILL will then be ready for use. NOTE: Grill will drip a lot of oil during this process and for several uses but will slow over time. **NEVER EXCEED 400 BECAUSE THIS WILL DAMAGE THE FINISH AND CONTRIBUTE TO RUST. PAINT IS NOT WARRANTED AND WILL REQUIRE TOUCH-UP. THIS UNIT IS NOT WARRANTED AGAINST RUST.**
2. To START FIRE – stack 50-60 briquettes in pyramid and saturate with lighter fluid (DON'T USE GASOLINE). Light coals in several places, close lid after briquettes ash over or _ gray, spread them out and start cooking. If one end burns faster, use tongs to move coals from one end to the other for even heat. ALWAYS FOLLOW CHARCOAL AND LIGHTER FLUID MANUFACTURERS' **INSTRUCTIONS AND WARNINGS. USE OUTDOORS ONLY ON NONCOMBUSTIBLE SURFACE – 15' AWAY FROM WOOD AND COMBUSTIBLE MATERIAL.**
3. Control heat with amount and type of FUEL, DUAL DAMPERS and ADJUSTABLE FIRE GRATE. Adjust GRATE one end at a time. Wood burns hotter than coals. More airflow is more heat.
4. For no flare-ups, cook with lid in the down position. Add water soaked hardwood chips for a smoked flavor.
5. Suggestion: Screw 3/4'" cup hooks (not furnished) on front of the wood shelf to hang cooking utensils.
6. Burn out may be rust out. Ashes left in bottom too long hold moisture and rust through any thickness of steel. This grill is made of steel and cast iron, which WILL RUST, ESPECIALLY IF NOT PROPERLY CARED FOR.
7. Do not use self-starting charcoal as it will give unnatural flavor. Burn lighter fluid completely before closing lid.
8. After using, coat vegetable oil on interior grates and bare metal while warm to reduce rust. On the EXTERIOR, remove dust with wire brush and touch up with a high heat paint, available at most hardware/auto stores.
9. You may place a coffee can on bottom shelf under the hole in the grill to catch drippings.
10. HEAT GAUGE may obtain moisture, which will steam out during cooking. Gauge may be calibrated in oven.
11. You may fill unwanted holes with Nuts & Bolts (Not Provided). NOTE: Smoke will escape from areas other than the smokestack. This should not affect your cooking.

™ & © Char-Griller / A&J Mfg.

## GRILLING RECIPES

### DIRECT METHOD

**STEAK (& ALL MEATS):** Cook food directly above coals/heat. Generally speaking, to grill meats, raise fire grate to high position (hot) and sear for one minute on each side with the lid open to seal in flavor and juices. Then lower fire grate to medium position with lid closed and cook to desire doneness.

Control heat with dual dampers and adjustable fire grate.

**BETTER BARBECUE:** Place grilled meat back in the marinade for several minutes before serving – it will become tastier and juicier. CAUTION: Boil extra marinade first to kill bacteria remaining from the raw meat.

**Tip:** Cooking with a MEAT THERMOMETER ensures food is fully cooked. Insert into thickest part not touching bone & allow five minutes to register. Internal temperatures for BIRDS should be 170F to 180F and meat should be 140F for rare, 160F medium and 170F for well done.

**MARINATED FLANK STEAK: Mix marinade ingredients in nonmetal dish. Let steak stand in marinade for no less than 4 hours in refrigerator. Brown each side for 5 minutes, but center should remain rare. C**ut steak diagonally across the grain into thin slices before **serving. Grill with fire grate in high (hot) position with lid open or closed.**

**MARINADE:** 1/2 cup vegetable or olive oil, 1/3 cup soy sauce, 1/4 cup red wine vinegar, 2 tbs. Lemon juice, 1 tsp. Dry mustard, 1 minced clove garlic, 1 small minced onion, 1/4 tsp pepper.

**QUAIL OR DOVES:** Cover birds in Italian dressing (Good Seasons or Kraft Zesty), marinate overnight, pour off dressing and cover with Texas Pete Hot Sauce for 6 hours. Wrap birds in thick bacon secured by a toothpick. *Place on grill – keep turning until bacon is black. Grill for 20 minutes. Sear with lid open and fire grate in high (hot) position for 1 min each side before lowering grate and closing lid. *OR SMOKE by placing birds in center of GRID with fire in both ends of FIRE BOX.

™ & © Char-Griller / A&J Mfg.

**KABOBS:** Alternating on skewers any combination of meat, onions, tomatoes, green peppers, mushrooms, zucchini, circular slice of corn-on-the-cob, or pineapple. Meat could consist of chunks of shrimp, scallops, lobster, chicken, sausage, pork, beef, etc. Marinate the meat in refrigerator for several hours. Grill each side approximately 7 minutes turning occasionally while basting with marinade. Leave a small amount of room between pieces in order to cook faster. Grill with lid up and the fire grate in the lowest position. See marinade recipe on last page.

**KABOB MARINADE:** Mix 1 cup soy sauce, 1/2 cup brown sugar, 1/2 cup vinegar, 1/2 cup pineapple juice, 2 teaspoons salt, 1/2 teaspoon garlic powder and bring to a boil. Marinate beef in mixture a minimum of 4 hours.

**HOT DOGS:** Grill with lid up and fire grate in high (hot) position for approximately 6 minutes, turn every few minutes.

**HAMBURGERS:** Mix in chopped onions, green peppers, salt, sear 3/4 inch patties on each side with fire grate in high position for a few minutes. Lower fire grate to medium position and grill with lid down to avoid flare-ups. Cook each side 3 to 7 minutes according to desired doneness. Cook ground meat to 150 internally or until juice runs clear (free of blood) for prevention of E-coli. Burgers can be basted with marinade when turning and/or other ingredients can be mixed in with the ground beef such as chili sauce or powder; or you may marinate by allowing to stand in marinade for 1 or 2 hours at room temperature before cooking; or let stand in covered dish in refrigerator up to 24 hours. Bring to room temperature before cooking. See meat marinade on page 9.

**SHRIMP (Peeled) & Crayfish:** Place on skewers, coat with melted butter and garlic salt. Grill 4 minutes on each side or until pink. Cocktail sauce optional.

**BAKED POTATOES:** Rub with butter and wrap in foil and cook on grill with lid down for 50 minutes. Turn after 25 minutes (no need to turn if smoked). Squeeze to check for doneness.

**SWEET CORN IN HUSKS: Trim excess silk from end and soak in cold salted water 1 hour before grilling. Grill 25 minutes – turning several times.**

™ & © Char-Griller / A&J Mfg.

**SMOKIN' RECIPES:** using the Charcoal Grill side of the Duo with a **WATER PAN** (also called **INDIRECT METHOD**).

Pan not included. Disposable bread pan is recommended. SMOKE BY COOKING SLOWLY (See chart on page 27 for smoking times). 1) Place water/drip pan on left side of fire grate. 2) Place hot coals on right side (damper end) of fire grate. The charcoal basket accessory helps confine coals to one side. 3) Place meat above water pan. 4) Place fire grate in low position. 5) Close lid & control heat with dampers & adjustable grate.

You may want to sear certain foods before smoking by placing meat directly above coals with **LID** open and **FIRE GRATE** in high (hot) position for several minutes. Add flavor soaked wood chips to the fire and add 1 part marinade, beer or wine to 3 parts water to the drip pan. **OPENING THE SMOKING CHAMBER WILL EXTEND COOKING TIME.** Cooking with meat thermometer ensures food is fully cooked. Insert thermometer into thickest part not touching bone, and allow five minutes to register. Internal temperature for birds should be 170F to 180F or when leg moves easily in joint. Meat should be cooked to internal temperature of 140F for rate, 160F for medium and 170F for well done. Check the water level when cooking more than 4 hours or when you can't hear the water simmering. Add water by moving meat over and pouring water through GRILL into WATER PAN. **IF THE SMOKE IS WHITE, THE FIRE'S RIGHT. IF THE SMOKE IS BLACK, ADD SOME DRAFT.**

**SMOKED TURKEY:** Empty cavity rinse and pat dry with paper towel, tuck wing tips under the back and tie legs together. Place in center of cooking grid directly above foil drip pan of water. Smoke for 12 minutes per pound. Allow several extra minutes per pound if stuffed to allow for expansion. Use a meat thermometer for best results (190F internal).

**SMOKED BAKED HAM:** Fully cooked canned ham or smoked and cured whole ham or shank or butt portion. Place fire grate in the lowest position and a drip pan under the meat. Remove rind and score fat diagonally to give a diamond effect. Insert a whole clove in to the center of every diamond. Place ham with fat side up in center of cooking grid directly above drip pan. Close lid. About 9 minutes per pound is suggested for fully cooked hams. Smoked or cured ham which is not fully cooked should be cooked to an internal temperature of 160∞. Baste with ham glaze 3 or 4 times during last 30 minutes of cooking time. Garnish with pineapple rings about 15 minutes before end of cooking time.

**HAM GLAZE:** 1 cup of light brown sugar, firmly packed, 1/2 cup orange juice, 1/2 cup honey, combine sugar, juice and honey. Let marinade sit for at least 4 hours.

**SMOKED HOT DOGS STUFFED:** Slit hot dogs lengthwise, within 1/4 inch of each end. Stuff hot dogs with cheese and relish and wrap in bacon. Place on cooking grid over drip pan and smoke 15-20 minutes or until bacon is crisp.

**SMOKED CHICKEN PARTS AND HALVES:** Rinse pieces in cold water and pat dry with paper towels. Brush each piece with vegetable oil and season to taste with salt and pepper. Brown pieces directly above coals with lid open and grate in high or medium position for several minutes. Then place pieces on cooking grate directly above drip pan. With the grate in the low position, cook with lid down for 55 to 60 minutes or until done. Do not use vegetable oil or salt and pepper if using marinade.

**SMOKED VENISON:** Place leg of venison in a container or "hefty bag" and marinate for 2-4 days, turning daily. Marinate bacon overnight in its marinade. Remove roast from refrigerator at least an hour before cooking. Season generously with seasoned salt and coarse ground black pepper. Wrap 1 lb. Bacon over the top of the roast, and smoke 20/25 minutes per pound, or until tender. Do not overcook.

**Venison Marinade:** 1 cup Balsamic or wine vinegar, 1 cup olive oil, 2 oz. Worcestershire, 1/2 oz. Tabasco, 2 tbs. Season All, 1 to 2 chopped jalapenos, 3 oz. Soy sauce. Bacon Marinade: 2 ox. Wine vinegar, 2 oz. Worcestershire, 4 dashes Tabasco.

**SMOKED SHRIMP & CRAYFISH:** Mix in a foil pan 1/2 cup butter, two cloves of crushed garlic, Tabasco, sliced green pepper, 1 tbs. each of minced onions, salt and juices from one lemon. Add shrimp and/ or crayfish and smoke 45 minutes.

**SMOKED VEGETABLES:** Turnips, potatoes, carrots, okra, mushrooms, peeled onions, zucchini, squash, etc. Put in pan and cover with water and cook for several hours while cooking the meat. Or place vegetables on grill and smoke for 50 minutes, either wrapped in foil or not.

**SMOKED FISH:** Marinate in brine (1/4 cup dissolved in 1 qt of water) or marinate fish in 1 cup white wine, 1 cup soy sauce mixed with 1 cup lemon juice. Marinate overnight in covered dish in refrigerator. Let air on rack 20 minutes before placing on Pam sprayed grill. Smoke 25 minutes.

**SMOKED SPARE/BACK RIBS:** Peel off tough layer of skin on back side. Rub all surfaces with seasoning. Place ribs in center of grid above drip pan and smoke approximately 1 1/2 hours or until meats pulls away from bone. Baste with barbecue sauce during last 30 minutes.

™ & © Char-Griller / A&J Mfg.

**CHICKEN MARINADE:** Combine 1/2 cup soy sauce, 1/4 cup vegetable oil, 1/4 cup red wine vinegar, 1 teaspoon oregano, 1/2 teaspoon sweet basil, 1/2 teaspoon garlic powder with parsley, 1/4 teaspoon pepper. Pour over chicken pieces in nonmetal dish. Cover and refrigerate overnight, turning occasionally. Use marinade to baste chicken while cooking.

**MEAT MARINADE:** For steaks, chops, and burgers: Combine q cup soy sauce, 2 coarsely chopped large onions and 2 cloves garlic (halved) in an electric blender; cover, process at high speed 1 minute or until mixture is very smooth. Stir in 1/4 cup bottle gravy coloring (Kitchen Bouquet and Gravy Master) and 2 teaspoons Beau Monde seasoning (or substitute 1 teaspoon MSG and 1 teaspoon seasoned salt). Allow meat to stand in marinade at room temperature for 2 hours or refrigerate up to 24 hours in a covered dish. Bring meat to room temperature before cooking.

**SHISH KABOB MARINADE:** Mix 1 cup soy sauce, 1/2 cup brown sugar, 1/2 cup vinegar, 1/2 cup pineapple juice, 2 teaspoons salt, 1/2 teaspoon garlic powder and bring to a boil. Marinate beef in mixture a minimum of 4 hours.

## SMOKING TIMES

| Food | Weight | Water Pan Smokin' | Side Fire Box | Temperature on Meat Thermometer |
|---|---|---|---|---|
| Beef Roasts, Beef Brisket | 3 – 4 lbs. | 1 – 1 1/2 hours | 4 – 5 hours | 140° rare |
| Lamb Roasts, Venison | 5 – 7 lbs. | 1 3/4 – 2 1/2 hours | 5 – 6 hours | 160° medium |
| Large cuts of Game | 7 – 9 lbs. | 2 1/2 – 3 1/2 hours | 7 – 10 hours | 170° well done |
| Pork Roasts | 3 – 4 lbs. | 1 3/4 – 2 1/2 hours | 5 – 6 hours | 170° |
| | 5 – 8 lbs. | 2 1/2 – 3 hours | 7 – 8 hours | 170° |
| Pork/ Beef Ribs | Full grill | 1 1/2 – 2 hours | 4 – 6 hours | Meat pulls from bone |
| Pork Chops | Full grill | 3/4 – 1 1/4 hour | 4 – 6 hours | Meat pulls from bone |
| Sausage Links | Full grill | 2 – 2 3/4 hours | 4 – 5 hours | 170° for fresh sausage |
| Ham, Fresh | 10 lbs. | 3 – 4 hours | 7 – 8 hours | 170° |
| Ham, Cooked | All sizes | 1 1/2 – 2 hours | 3 – 4 hours | 130° |
| Chicken (Cut up or split) | 1-4 fryers, cut up or split | 1 – 1 1/4 hours | 4 – 5 hours | 180° / leg moves easily in joint |
| Chicken (Whole) | 1-4 fryers | 1 1/4 – 1 1/2 hour | 5 – 6 hours | 180° / leg moves easily in joint |
| Turkey (Unstuffed) | 8 – 12 lbs. | 1 3/4 – 2 1/2 hours | 7 – 8 hours | 180° / leg moves easily in joint |
| Fish, small whole | Full grill | 1/2 – 3/4 hours | 2 – 3 hours | Flakes with fork |
| Fish, filets, steak | Full grill | 1/4 – 1/2 hours | 1 – 3 hours | Flakes with fork |
| Duck | 3 – 5 lbs. | 1 – 1 3/4 hours | 5 – 6 hours | 180° / leg moves easily in joint |
| Small game birds | Full grill | 3/4 – 1 hour | 4 – 5 hours | 180° / leg moves easily in joint |

™ & © Char-Griller / A&J Mfg.

# IMPORTANT SAFETY WARNINGS

## READ ALL SAFETY WARNINGS AND INSTRUCTIONS CAREFULLY BEFORE ASSEMBLING AND OPERATING YOUR GRILL

- Use caution when assembling and operating your grill to avoid scrapes or cuts from sharp edges.
- Do not use gasoline, kerosene or alcohol for lighting charcoal. Use of any of these or similar products could cause an explosion possibly leading to severe bodily injury.
- Keep children & pets away from grill. Supervision is necessary and do not leave grill unattended when in use. Use caution when moving grill to prevent strains. Keep grill at least 15 feet from any combustible material (decks, buildings, fences, trees, bushes, etc).
- When adding charcoal and/or wood, use extreme caution.
- Never move grill when it is in use or when it contains hot coals or ashes.
- Do not place grill near flammable liquids, gases or where flammable vapors may be present.
- Use caution since flames can flare-up when fresh air suddenly comes in contact with fire. When opening the lid, keep hands, face and body safe from hot steam and flame flare-ups.

™ & © Char-Griller / A&J Mfg.

# IMPORTANT SAFETY WARNINGS

## READ ALL SAFETY WARNINGS AND INSTRUCTIONS CAREFULLY BEFORE ASSEMBLING AND OPERATING YOUR GRILL

- Do not exceed a temperature of 400 F. Do not allow charcoal and/ or wood to rest on the walls of grill. Doing so will greatly reduce the life of the grill

- Always wear oven mitts to protect hands from burns. Avoid touching hot surfaces.

- When opening lid, make sure it is pushed all the way back so it rests against the lid support brackets. Use extreme caution as hood could fall back to a closed position and cause bodily injury.

- Close lid and all dampers to help suffocate flame.

- Always hold an open lid from the wooden handle to prevent it from closing unexpectedly.

- Never leave coals and ashes unattended. Before grill can be left unattended, coals and ashes must be removed. Use caution to protect yourself and property. Carefully place remaining coals and ashes in a noncombustible metal container and saturate completely with water. Allow coals and water to remain in metal container 24 hours prior to disposing.

- To protect against bacteria that could cause illness, keep all meats and refrigerated and thaw in refrigerator or microwave; keep raw meats separate from other foods; wash everything that contacts raw meats; cook thoroughly; and refrigerate leftovers immediately. Cook meats medium to well  one.

## THESE WARNINGS APPLY ALSO TO THE "SIDE FIRE BOX"
